

Foster Parent College: ADD, ADHD & ODD

Children with ADHD and related conditions are plagued by impulsiveness, lack of focus, and/or physical hyperactivity. These behaviors can make it difficult for children to succeed at home, at school, and in the community.

In this course, Dr. James Kagan offers insights and positive strategies for resource parents coping with kids diagnosed with ADHD, ADD or ODD. He discusses symptoms, diagnosis, medication, power struggles, keeping things positive and advocating for the kids.

Use For:

- Foster, adoptive and kinship parents
- Group trainings

Scenes from Foster Parent College:
ADD, ADHD & ODD

Foster Parent College offers parent training courses on difficult behaviors and conditions. Other classes include Culturally Competent Parenting, Grief & Loss In the Care System, Child Abuse & Neglect, Anger Pie, Anger Outbursts, Sleep Problems, and many more.
