

Getting Ready for the Job World

This practical and imaginative curriculum includes plans and materials for four 90-minute classes. Teens learn to identify their personal qualities and practical skills, uncover the “hidden job market,” contact employers, set up job interviews, make a good first impression, use a resume and cover letter, and follow up after the interview. Two audiotape activities - a creative visualization and a rap tune - energize the job search.

Use For:

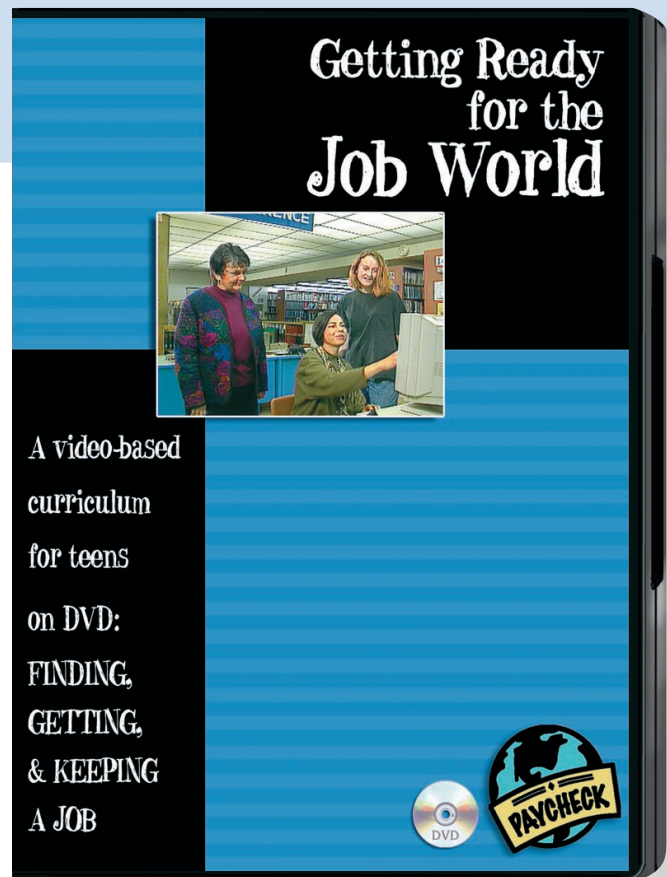

- Independent living programs
