

Me and My A. T.

For teens who rely on assistive technology for the most basic activities, high school can pose extreme challenges for independence and productivity. Me and My A. T. is a collection of essays written by these remarkable individuals. It provides insight not only into the technology that eases their transition but also into the courage and determination of these special needs youth.

Use For:

- Schools
- Resource libraries
- Counselors
- Families

Sample from Me and My A. T. (Assistive Technology):

HEY, YOU!

See my fist?
 Watch it, Buster!
 I'm gonna blow my top!
 I'm steamed
 I'm smarter than you
 I'm an inferno
 I engulf the land, the sea, and
 the sky in my rage.
 I burn long and hot.
 I will suffocate your little thoughts
 and I will burn brighter than
 your little mind.
 I will melt your words like butter.
